MEMORANDUM FOR: Executive Assistant to the Director

1. On 30 January 1952, Mr. Brizee of Senator Kefauver's staff telephoned Mr. Pforzheimer to say that [REDACTED] had visited his office five times during the very recent past.

STATINTL

2. As I understand it, the Director spoke to General Bolling about having [REDACTED] who is now on detail to CIA, return to the Department of the Army. [REDACTED] theme at Senator Kefauver's office was that people were spreading false rumors about him and that he was being pushed around, etc. Mr. Brizee told Mr. Pforzheimer that the reason for his call was that they considered [REDACTED] to be a psychopathic case and that they did not think he was suitable to command young troops which, apparently, he was going to do.

STATINTL

3. I told Mr. Pforzheimer to supply this information to Colonel Edwards but to take no further action of any kind. I do not think that there is any likelihood of the Director being contacted on this matter, but thought that you should know about it.
